Profile

Creative and detail-oriented Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and React.js. Passionate about building responsive, user-friendly web interfaces and eager to contribute to innovative development teams.

Skills

- Languages: HTML5, CSS3, JavaScript (ES6+)
- Frameworks/Libraries: React.js, Bootstrap, Tailwind CSS
- Tools: Git & GitHub, VS Code, Figma
- Soft Skills: Hard Worker, Time Management, Problem-Solving, Team Work, Quick Learner

Projects

Restaurant Website (LIVE Link)

- Tech Stack: HTML, CSS
- Built a static restaurant website with multiple pages in a clean, structured layout.
- Designed responsive layouts using CSS Flexbox and Grid for seamless viewing across devices.
- Applied semantic HTML structure and handcrafted CSS for improved accessibility and user engagement.

Job Portal Website (LIVE Link)

- Tech Stack: HTML, CSS, JavaScript
- Built a fully responsive multi-page job portal with role-based access for recruiters and job seekers.
- Implemented dynamic job filtering, posting features, and modern UI components using vanilla JavaScript.
- Styled modern UI components including cards, filters, and testimonial sliders using Flexbox and media queries for responsiveness.

Travel Booking App (LIVE Link)

- Tech Stack: React.js
- Developed a responsive travel booking website featuring packages, contact form, and booking flow.
- Used React state and hooks (useState, useEffect, useNavigate) to manage user interactions and routing.
- Integrated dynamic navigation, interactive forms, and smooth page transitions for a seamless user experience.
